

31 May 2016

Dear Charity / Non-Governmental Organization,

Central Venue Management is pleased to announce our Central Harbourfront SummerFest 2016 which will take place from June – August, 2016.

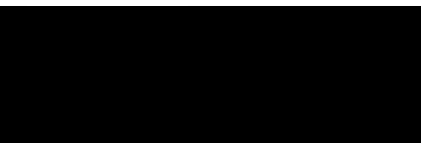

The SummerFest will feature the Botero in Hong Kong exhibition as a highlight, showcasing nine of Master Fernando Botero's distinctive sculptures, ensconced in a specially created outdoor environment on the harbourfront and set against Hong Kong's iconic skyline. This exhibition is free entry.

Additionally, there will be a number of free-to-public events taking place as part of the SummerFest programming, including culture, sports, family, and leisure activities, designed to encourage public engagement and enjoyment. You may find details of these activities, as well registration requirements (if any) on our website: www.cvm.com.hk or www.summerfest-centralharbourfront.hk.

We extend a sincere invitation to you and your members/ beneficiaries to come down to the Central Harbourfront Event Space this summer to enjoy the Botero sculptures, soak up the atmosphere and/or take part in the variety of activities we have planned.

Central Venue Management would be pleased to discuss facilitation arrangements to accommodate your group should you wish to visit our Central Harbourfront SummerFest 2016 for a morning or afternoon as an outing. Please kindly contact our Ms. Grace Au via email graceau@cvm.com.hk to discuss your interest and how we may be of support.

Kind regards,

Maureen Earls
Managing Director
